PROCEDURES, GUIDELINES AND APPLICATION TO BECOME A CONTINUING EDUCATION PROVIDER

All continuing education applications submitted to the Board for review must be received by the Board at least 20 days prior to the next regularly scheduled Board meeting and must include all appropriate fees. The Board meeting schedule can be found at www.hacr.alabama.gov.

The Board has established the *Standards and Minimum Requirements for Awarding Continuing Education Credit* to ensure that all certified contractors receive the highest quality continuing education possible. Only those institutions, organizations, and individuals that meet or exceed the following *Standards and Minimum Requirements* will be approved to award continuing education credit.

Institutions, organizations and individuals wishing to become a qualified provider must submit the required application to the Board for review. The Board's Continuing Education Committee will review the application and make its recommendation to the Board to approve or deny the application or request additional information from the applicant. The Executive Director will inform the applicant, in writing, of the Board's decision.

Upon approval of the application, each approved provider shall agree to conduct courses in accordance with the Board requirements and shall indicate its agreement by signing a continuing education provider agreement form provided by the Board.

Course providers may be, but are not limited to, community, technical, junior colleges, universities, trade associations, providers of self-study and/or distance education programs, third party professional examination companies and others as determined by the Board to be qualified.

The Board must approve instructors who teach continuing education classes for credit. The Board may deny an application if it is found that the applicant has failed to comply with the terms of any agreement or the rules of the Board. The Board shall hear any appeals from denials at regularly scheduled meetings of the Board.

The Board has established the following fees and charges:

Continuing Education Provider Application Fee	\$75.00
Continuing Education Instructor Fee	\$25.00
Continuing Education Course Fee	\$25.00

All fees established by the Board must be submitted with provider application and no part of said fees shall be returned.

The Board may request that a course provider reapply to the Board for approval if the provider has not held any classes for continuing education credit or submitted a roster to the Board for a period of four years. The provider will be required to submit a new application along with all appropriate fees to the Board for approval prior to holding a class for continuing education credit.

Please contact the Board at (334) 241-0840, or toll free 866-855-1912, if you have any questions.

STANDARDS

Only approved institutions, organizations or individual meeting the following *Standards* will be approved to offer continuing education courses to certified contractors for continuing education credit.

STANDARD 1. Facilities

Instructional facilities must be adequate to effectively teach the course content. Classrooms or instructional areas must be adequately lighted, heated/cooled, void of distractions as much as possible, and equipped with multi-media equipment such as marker board, overhead projector, TV/VCR or other teaching/learning equipment necessary to enhance learning. Classrooms or instructional areas must provide adequate seating to accommodate all participants. When applicable, reasonable accommodations must be made for persons with disabilities in accordance with the Americans with Disabilities Act.

Laboratory or shop areas must be properly and safely maintained. Safety equipment such as safety glasses must be provided to all participants when instruction is provided in a shop or laboratory, as applicable. Laboratory or shop areas must be adequately equipped with training equipment, mock-ups, or other live work projects relative to the course content.

Restroom facilities should be easily accessible and must accommodate both men and women participants.

Course provided via self-study or other distance learning means must provide a detailed outline describing the learning environment.

STANDARD 2. Instructors

A letter of recommendation from the provider and a resume for each instructor reflecting expertise within his/her area of specialty and prior teaching experience must be submitted to the Board. Teaching experience may be either formal or informal. A college degree is not required for individuals who teach heating and air conditioning theory or related laboratory courses. In lieu of a college degree, the instructor must provide proof of competency, i.e. NOCTI, ACCA, ARI, NATE, ESCO or other appropriate certification related to his/her area of specialty.

An appropriate college degree and/or certification is required of individuals who teach business, or engineered related courses or courses related to safety, government regulations or courses in the area of public relations.
