SETTLEMENT AGREEMENT

Jason A Harris (hereinafter referred to as "Respondent") hereby stipulates and agrees, subject to ratification by the State of Alabama Board of Heating, Air Conditioning and Refrigeration Contractors (hereinafter referred to as "the Board") hereby agrees to the following:

STIPULATED FACTS

Respondent installed and/or serviced a heating and air conditioning system at 8757 State HWY 10 E Shorterville, AL 36373. A Board inspection of the site revealed the following violations:

1. The 6-2 NM cable that serves the disconnect box for the heat pump is not protected from abrasion inside the main panel box, in violation of the 2018 International Residential Code E3907.6.
2. The 6-2 NM cable that serves the package unit has been damaged at a point it is connected to the 30amp breaker in the service disconnect, in violation of the 2017 NFPA 70 Article 110.14 Section A.
3. One of the 10-2 Romex cables located in the disconnect box has the free end of conductors that are not covered with insulation or with a identified insulating device, in violation of the 2017 NFPA 70 Article 110.14 Section B.

4. The 6-2 NM cable that serves the disconnect is undersized for the installed 3 ½ ton heat pump with the installed heater kit, in violation of the 2018 International Residential Code M1401.1.
(Data Plate)
5. The disconnect that serves the package unit heat pump is not readily accessible, in violation of the 2018 International Residential Code Table E4101.5.
6. The installed heater kit is not recorded by scratching off the square beside the installed heater kit number, in violation of the 2018 International Residential Code M1401.1.
7. The package heat pump is not supported 3" above the adjoining ground, in violation of the 2018 International Residential Code M1305.1.3.1.
8. The return air duct does not have the required minimum 4" separation from the earth, in violation of the 2018 International Residential Code M1601.4.8.
9. The supply air duct in multiple locations does not have the required minimum 4" separation from the earth, in violation of the 2018 International Residential Code M1601.4.8.
10. The two 14x20 filter back floor grills is undersized for a 3 ½ Ton system, in violation of the 2018 International Residential Code M1601.1.
11. What appears to be a 16" flexible return duct is undersized for a 3 ½ ton system, in violation of the 2018 International Residential Code M1601.1.
12. The flexible supply air duct in at least one location is not properly connected to the supply air floor boot, in violation of the 2018 International Residential Code M1601.1.1 Section 2.
13. The metal strapping that supports the round metal supply air trunk line is not the required minimum 1" strapping, in violation of the HVAC Duct Construction Standards SMACNA Edition, Table 4-2.

14. The board is making a request for a copy of the duct air tightness test as required by the 2018 International Residential Code N1103.3.3.

15. The board is making a formal request for a copy of the heat gain, heat loss, duct sizing, drawings or other important information such as the manufacturer's Engineering Data used in regard to the above referenced system as set forth in the Board Rules and Regulations, Section 440-X-5-.03 and the 2018 International Residential Code M1401.3.

STIPULATED CONCLUSIONS OF LAW

1. Respondent admits that the above listed findings by the Board are in violation of the Board's Minimum Standards, and thus grounds for discipline by the Board under *Code of Alabama* § 34-31-18 *et seq.* and the jurisdiction of the Board.
2. Respondent acknowledges he is subject to the provisions of the *Code of Alabama*, § 34-31-18, *et seq.* and the jurisdiction of the Board.

STIPULATED DISPOSITION

1. Respondent shall not in the future violate the provisions of the *Code of Alabama* § 34-31 (1975), or the Rules promulgated thereunder.
2. Respondent shall complete a mandatory class provided by the Board pertaining to the 2018 International Fuel Gas Code and Mechanical Code, and 2018 International Residential Code.
3. Respondent agrees to remit a maximum administrative fine of \$925.00 within thirty (30) days of completion of the class for the above-described conduct.
4. In consideration of Respondent's full and complete compliance with this Settlement Agreement and the terms hereof, the Board agrees to forego the pursuit of its civil remedies available under Alabama Law against the Respondent.

5. Respondent understands that this Settlement Agreement may be presented to an attorney of Respondent's choice for review and counsel prior to signing the same.
6. Respondent acknowledges and understands that this Settlement Agreement, once final, is public information, and may be published in the Board's next newsletter or posted on the Board's website.
7. Respondent knowingly and voluntarily enters into this settlement agreement and expressly waives all further procedural steps, and expressly waives all rights to seek judicial review or to otherwise challenge or contest the validity of the Settlement Agreement, the findings of fact, conclusions of law and imposition of discipline herein.
8. This Agreement must be approved by the Board. The Respondent agrees to waive any objections to the Board reviewing the Settlement Agreement and any information provided to the Board concerning the Settlement Agreement during the meeting the Settlement Agreement is discussed.
9. This Settlement Agreement shall become effective upon the execution by the parties previously mentioned and, upon ratification by the Board; it shall be made a part of the official minutes of the Board's next regularly scheduled meeting.

Signed this 17th day of July, 2026.

Jason Harris, Respondent

3. The disconnect serving the airhandler is not securely mounted, in violation of the 2021 International Residential Code E3404.8.
4. The air handler does not have a readily accessible disconnect, in violation of the 2021 International Residential Code table E4101.5.

5. The 80-amp breaker is oversized for the #6 electrical cable, in violation of the 2021 International Residential Code E3705.1.
6. The 80-amp breaker that serves the air handler is oversized, in violation of the 2021 International Residential Code M1401.1 (Unit Label).
7. The 80-amp breaker is oversized for the 60 amp disconnect in violation of the NFPA 70 2020 National Electrical Code Article 110.3 (Section B).
8. The 80-amp breaker serving the air handler does not appear to be HACR type rated, in violation of the 2021 International Residential Code M1401.1 (pg. 8 airhandler manual).
9. The power cable that serves the airhandler is not protected from physical damage (from the outdoor box to where it runs through exterior wall), in violation of the 2021 International Residential Code E3802.3.2.
10. The power cable that serves the airhandler unit is not protected from abrasion (exiting the disconnect), in violation of the 2021 International Residential Code E3907.6.
11. The power cable that serves the airhandler unit is not protected from abrasion (at the point it enters the airhandler), in violation of the 2021 International Residential Code E3907.6.
12. The power cable that serves the condenser is not protected from abrasion (at a point it enters the outdoor unit), in violation of the 2021 International Residential Code E3907.6.
13. The primary condensate drain is not supported in violation of the 2021 International Residential Code M1411.3.1.
14. There is not an overflow safety switch or auxiliary drain line installed in the primary drain pan, in violation of the 2021 International Residential Code M1411.3.1.

15. The 12 x 24 return air filter back grill is undersized for the 3 Ton unit, in violation of the 2021 International Residential Code M1601.1.
16. The return air plenum connection is not sealed to the duct board supply air trunk with a UL approved listed and labeled tape or mastic, in violation of the 2021 International Residential Code M1601.4.1.
17. The panned return section is not sealed with a UL approved listed and labeled tape or mastic, in violation of the 2021 International Residential Code M1601.1.
18. The air handler is not firmly supported and not level, in violation of the 2021 International Residential Code M1305.1.3.1.
19. The primary condensate drain does not maintain the required slope in violation of the 2021 International Residential Code M1411.3.
20. The electrical data tag for the heat strips is not affixed to the air handler, in violation of the 2021 International Residential Code M1401.1 (Unit Label).
21. The duct board plenum does not appear to be mechanically fastened to the air handler, in violation of the 2021 International Residential Code M1601.4.1.
22. The refrigerant tubing insulation is incomplete at the air handler, in violation of the 2021 International Residential Code M1411.6.
23. The line set grommet is not installed (at point line set enters the air handler), in violation of the 2021 International Residential Code M1401.1(pg. 22 airhandler install manual).
24. The outdoor unit does not maintain the required service clearance in violation of the 2021 International Residential Code M1401.1 (Condenser Install pg. 9).

25. The primary condensate drain does not have the required slope in the direction of drainage, in violation of the 2021 International Residential Code M1411.3.
26. The board is making a request for a copy of the duct air tightness test as required by the 2021 International Residential Code N1103.3.5.
27. The board is making a formal request for a copy of the heat gain, heat loss, duct sizing, drawings or other important information such as the Manufacturer's Engineering Data used in regard to the above referenced system as set forth in the Board Rules and Regulations, Section 440-X-5-.03 and the 2021 International Residential Code M1401.3.

STIPULATED CONCLUSIONS OF LAW

1. Respondent admits that the above listed findings by the Board are in violation of the Board's Minimum Standards, and thus grounds for discipline by the Board under *Code of Alabama § 34-31-18 et seq.* and the jurisdiction of the Board.
2. Respondent acknowledges he is subject to the provisions of the *Code of Alabama, § 34-31-18, et seq.* and the jurisdiction of the Board.

Timothy J Mitchell
Alberta Heating & Tin, Inc.
12773 Tubbs Fisher Rd
Cottondale, Al 35453

Certification Number: 12056

Complaint File Number CC-2025-086

SETTLEMENT AGREEMENT

Timothy J Mitchell (hereinafter referred to as "Respondent") hereby stipulates and agrees, subject to ratification by the State of Alabama Board of Heating, Air Conditioning and Refrigeration Contractors (hereinafter referred to as "the Board") hereby agrees to the following:

STIPULATED FACTS

Respondent installed and/or serviced a heating and air conditioning system at 11812 Shana Drive Moundville, Al 35474. A Board inspection of the site revealed the following violations:

1. There is not an overflow safety switch or auxiliary drain line installed in the primary drain pan, in violation of the 2021 International Residential Code M1411.3.1. and M1411.3.1.1.(Downflow Furnace)
2. The electrical disconnect does not maintain clearance for access in violation of the 2021 International Residential Code E3405.1.
3. The capacitor that serves the outdoor unit is not secured in the wiring space, in violation of the 2021 International Residential Code M1401.1 (Outdoor Install pg. 11.).

4. The installed primary condensate drain is not constructed of an approved material in violation of the 2021 International Residential Code M1401.1.
5. The outdoor unit does not maintain the required service clearance in violation of the 2021 International Residential Code M1401.1 (Outdoor Install pg. 6).
6. The refrigerant access ports located outdoors is not fitted with locking tamper resistant caps or secured to prevent unauthorized access, in violation of the 2021 International Residential Code M1411.8.
7. The indoor unit does not appear to be a factory approved match for the installed outdoor unit in violation of the 2021 International Residential Code M1401.1.

STIPULATED CONCLUSIONS OF LAW

1. Respondent admits that the above listed findings by the Board are in violation of the Board's Minimum Standards, and thus grounds for discipline by the Board under *Code of Alabama* § 34-31-18 *et seq.* and the jurisdiction of the Board.
2. Respondent acknowledges he is subject to the provisions of the *Code of Alabama*, § 34-31-18, *et seq.* and the jurisdiction of the Board.

STIPULATED DISPOSITION

1. Respondent shall not in the future violate the provisions of the *Code of Alabama* § 34-31 (1975), or the Rules promulgated thereunder.
2. Respondent shall complete a mandatory class provided by the Board pertaining to the 2018 International Fuel Gas Code and Mechanical Code, and 2018 International Residential Code.
3. Respondent agrees to remit a maximum administrative fine of \$700.00 within thirty (30) days of completion of the class for the above-described conduct.

4. In consideration of Respondent's full and complete compliance with this Settlement Agreement and the terms hereof, the Board agrees to forego the pursuit of its civil remedies available under Alabama Law against the Respondent.

5. Respondent understands that this Settlement Agreement may be presented to an attorney of Respondent's choice for review and counsel prior to signing the same.

6. Respondent acknowledges and understands that this Settlement Agreement, once final, is public information, and may be published in the Board's next newsletter or posted on the Board's website.

7. Respondent knowingly and voluntarily enters into this settlement agreement and expressly waives all further procedural steps, and expressly waives all rights to seek judicial review or to otherwise challenge or contest the validity of the Settlement Agreement, the findings of fact, conclusions of law and imposition of discipline herein.

8. This Agreement must be approved by the Board. The Respondent agrees to waive any objections to the Board reviewing the Settlement Agreement and any information provided to the Board concerning the Settlement Agreement during the meeting the Settlement Agreement is discussed.

9. This Settlement Agreement shall become effective upon the execution by the parties previously mentioned and, upon ratification by the Board; it shall be made a part of the official minutes of the Board's next regularly scheduled meeting.

Signed this 7th day of July, 2026.
